

## Avnet Expands Share Repurchase Program by \$500 Million; Increases Dividend by 5.9%

Builds upon its disciplined share repurchase and dividend programs, while transforming the company to support customers at every stage of the product lifecycle

PHOENIX--(BUSINESS WIRE)-- Avnet (NYSE:AVT) announced today that its Board of Directors approved an expansion of the company's current share repurchase authorization by \$500 million. Avnet now has \$675 million available for share repurchases when combined with prior authorizations, and the latest authorization has no expiration date.

In addition, Avnet's Board of Directors approved a 5.9% increase in the quarterly cash dividend to \$0.18 per share. The dividend will be paid on March 28, 2017, to shareholders of record as of the close of business on March 14, 2017.

"The expansion of our share repurchase program and dividend increase highlight Avnet's commitment to creating value for investors. Taken together, these programs have returned approximately \$1.4 billion to shareholders over the past six years," said William Amelio, Avnet's Chief Executive Officer.

Amelio continued, "With the sale of the Technology Solutions business this week, Avnet is now solely focused on supporting our electronic components and integrated and embedded solutions customers at every stage of the product lifecycle. The approximately \$2 billion of after-tax proceeds from the sale will allow us to strengthen our balance sheet and return a meaningful amount of cash to our shareholders, while maintaining ample liquidity to fund future growth. We will use approximately \$1.5 billion of the proceeds to pay down debt, and we are confident that as a result our credit statistics will solidly support our investment grade credit rating."

Avnet has approved a cumulative total of \$1.75 billion toward share repurchases since its share repurchase program was authorized in August 2011. During this time, the company has purchased approximately \$1.08 billion worth of its shares.

Avnet plans to repurchase stock from time to time at the discretion of management in open market or privately negotiated transactions or otherwise, subject to applicable laws, regulations and approvals, strategic considerations, market conditions and other factors. The company may terminate or limit the stock repurchase program at any time without prior notice.
