THE COMPANY

Avnet, Inc., a New York corporation (the "Company"), is the largest industrial distributor in the United States of electronic components, such as semiconductors, connectors and passives, and of computer products. In addition, the Company produces or distributes other electronic, electrical and video communications products. See "Business."

The principal executive offices of the Company are located at 80 Cutter Mill Road, Great Neck, New York 11021, telephone (516) 466-7000.

USE OF PROCEEDS

The net proceeds to be received by the Company from the sale of the Notes being offered hereby are estimated at \$ after the deduction of the underwriting discounts and the estimated expenses of this offering. The Company intends to use the net proceeds from this offering to repay outstanding bank borrowings which were incurred to pay part of the funding required for the acquisition of Hall-Mark Electronics Corporation ("Hall-Mark"). See "Business -- Electronic Marketing Group." Such borrowings currently bear interest at a weighted average rate of 3.6% per annum and mature on various dates not later than March 31, 1994.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the ratio of the Company's earnings to fixed charges, on a consolidated basis, for the periods indicated:

1989	YEAR ENDED JUNE 30,				1993	SIX MONTHS ENDED DECEMBER 31, 1993
	1990	1991	1992	1993		
4.6	5.5	6.2	5.5	8.7	7.0(1) (2)	

- (1) Income from continuing operations before income taxes for the six months ended December 31, 1993 includes restructuring and integration charges of \$22.7 million which are principally attributable to the acquisition of Hall-Mark. Had such one-time charges not been included, the ratio of earnings to fixed charges for the six months ended December 31, 1993 would have been 9.3.
- (2) Had the Company utilized the net proceeds of this offering to repay its outstanding bank borrowings as described under "Use of Proceeds," the ratio of earnings to fixed charges for the six months ended December 31, 1993 would have been 6.1 on a pro forma basis. In addition, had the one-time charges referred to in footnote (1) above not been included in income from continuing operations before income taxes, the ratio of earnings to fixed charges for the six months ended December 31, 1993 would have been 8.1 on a pro forma basis.

For purposes of the foregoing ratios, earnings were calculated by adding fixed charges to income before income taxes, and then deducting capitalized interest. Fixed charges were calculated by adding interest expense (including amortization of debt expense and any discount or premium relating to indebtedness, and interest expense relating to certain guarantees), capitalized interest and the interest component of rental expense.

CAPITALIZATION

The following table sets forth the consolidated capitalization and short-term debt of the Company at December 31, 1993, and as adjusted to give effect to the issuance of the Notes pursuant to this offering and the application of the net proceeds therefrom:

BUSINESS

The Company is the largest industrial distributor of electronic components and computer products in the United States. Electronic component distributors are a vital link in the chain that connects suppliers of semiconductors, interconnect products, passives and electro-mechanical devices to original equipment manufacturers ("OEMs") who design and build the complete spectrum of electronic equipment that utilizes the components. Distributors such as Avnet also add value to the components which they sell by customizing them prior to shipment to meet individual OEM customer specifications. The Company estimates that during calendar 1993 its Electronic Marketing Group, including Hall-Mark on a pro forma basis, had more than a 20% share of the United States electronic components distribution market. In addition to the activities of the Electronic Marketing Group, the Company produces or distributes other electronic, electrical and video communications products.

The Company's principal industry segments are as follows:

1. The Electronic Marketing Group is engaged in the marketing, assembly and/or processing, principally for industrial, commercial and military use, of electronic and electro-mechanical components and computer products.

2. The Video Communications Group is engaged in the manufacture, assembly and/or marketing of TV signal processing equipment. The Company's Channel Master division is a leading manufacturer of TV roof antennas and satellite receive-only antennas.

3. The Electrical and Industrial Group, which includes the Company's Brownell Electro, Mechanics Choice and Freeman Products operations, is engaged in the distribution of electric motors and parts, industrial supplies, maintenance and repair parts and measuring and control devices, and the production of trophy component parts.

ELECTRONIC MARKETING GROUP

The Electronic Marketing Group (the "EMG") continues to be the dominant segment of the Company, accounting for 86% of sales and 97% of earnings in fiscal 1993. On July 1, 1993, the Company acquired Hall-Mark, which was the third largest distributor of electronic components and computer products in the United States. For the twelve months ended June 30, 1993, Hall-Mark had sales of \$744 million. This acquisition added additional distribution franchises and approximately 25,000 customers to the EMG.

In fiscal 1993, the EMG posted record sales of \$1.917 billion, a gain of 30% over the prior year. The EMG's sales in the first half of fiscal 1994 were over \$1.5 billion. Hamilton Avnet (renamed Hamilton Hallmark after the acquisition of Hall-Mark), Avnet Computer Group and Time Electronics are the largest operations in the EMG, with fiscal 1993 sales of approximately \$1.059 billion, \$300 million and \$258 million, respectively. In addition, the companies comprising Avnet EMG Europe had sales of approximately \$300 million in fiscal 1993.

Hamilton Hallmark is a distributor of semiconductors, computer products, connectors, passives and electro-mechanical products for industrial, commercial and military use. It is the only distributor in the United States to be franchised by all of the top five United States semiconductor manufacturers: Advanced Micro Devices, Intel, Motorola, National Semiconductor and Texas Instruments. Hamilton Hallmark's customers are principally computer, telecommunications and aerospace OEMs.

Avnet Computer Group is an international distributor of computer products operating through two business units. Avnet Computer sells computer systems and products primarily to end users. Hall-Mark Computer Products concentrates on sales of peripherals and components to the reseller channel.

Time Electronics is the leading U.S. distributor of interconnect products, including value-added connectors, electro-mechanical and passive components and cable assembly services. Time also distributes semiconductors. Time's customers are principally electronics and aerospace OEMs.

Allied Electronics, Inc. (formerly a subsidiary of Hall-Mark) is a broad-line industrial distributor of active and passive electronic components, test equipment and electronic equipment, which it sells by means of

its catalog and telesales operations. Allied Electronics' principal customers are maintenance and repair organizations, as well as research and development and engineering departments of OEMs. In the 12-month period ended June 30, 1993, immediately prior to the Company's acquisition of Hall-Mark, sales of Allied Electronics totaled approximately \$60 million.

The EMG's activities in Europe are conducted by Avnet EMG Europe, with operations in all five major European geographic markets. The Company created its European operations through a series of acquisitions, beginning in June 1991 with Avnet EMG Ltd. (formerly known as The Access Group), a United Kingdom electronic components distributor. In April 1992, the Company acquired Avnet France (formerly known as FHTEC Composants), a French electronic components distributor. In July 1992, the Company acquired Avnet Nortec (formerly known as The Nortec Group), the leading Scandinavian electronic components distributor with operations in Sweden, Denmark, Norway, Finland and Estonia. In January 1993, the Company acquired Avnet E2000 (formerly known as Electronic 2000 AG) a leading German electronic components distributor with operations in Germany, Austria and Switzerland. At the end of September 1993, the Company acquired Avnet Adelsy (formerly known as Adelsy), an Italian electronic components distributor with annual sales of approximately \$20 million. Also in September 1992, the Company created Avnet Time, a unit of Avnet EMG Ltd., which operates in the United Kingdom as a distributor of connectors and electro-mechanical and passive devices.

One of the EMG's critical strengths is the breadth and quality of the suppliers whose products it carries. Listed below are the major product categories and the approximate sales in fiscal 1993, the percentage of EMG total sales and the major suppliers in each category:

- - SEMICONDUCTORS: Sales of semiconductors in fiscal 1993 were approximately \$1.103 billion, or 57% of the EMG's sales. The EMG's major suppliers of semiconductors are Advanced Micro Devices, Analog Devices, Harris, Hewlett-Packard, Integrated Device Technology, Intel, LSI Logic, Micron Semiconductor, Motorola, National Semiconductor, Philips/Sigmetics, Texas Instruments, Xilinx and Zilog.
- - COMPUTER PRODUCTS: Sales of computer products in fiscal 1993 were approximately \$355 million, or 19% of the EMG's sales. The EMG's major suppliers of computer products are Adaptec, Apple, Archive, Connor Peripherals, Dataram, Data General, Diamond Flower, Digital Equipment, Emulex, Esprit, Hewlett-Packard, Intel, Kodak, Maxtor, Multitech, NCR, Okidata, Seagate Technology, Standard Microsystems, SyQuest, Tecmar, Texas Instruments, 3Com, UNISYS, Universal Data Systems and Wyse.
- - CONNECTORS: Connector sales in fiscal 1993 were approximately \$250 million, or 13% of the EMG's sales. The EMG's major suppliers of connectors are AMP, Amphenol, Augat, Bendix, ELCO, General Connector, ITT Cannon, Kings, Matrix Science, Molex, Pyle-National, T&B Ansley, 3M, TI Connector, Viking and Winchester.
- - PASSIVES: Sales of passives in fiscal 1993 were approximately \$209 million, or 11% of the EMG's sales. The EMG's major suppliers of passives are AVX, Bourns, Cherry, Communications Instruments, CTS, Cutler-Hammer, EECO, Fairchild Weston, General Electric, Grayhill, Leach, Murata-Erie, NDK America, Philips, Teledyne, United Chemi-Con, Valor and Vishay.

VIDEO COMMUNICATIONS GROUP

The Video Communications Group, which accounted for approximately 6% of the Company's sales in fiscal 1993, develops and manufactures TV signal processing equipment. Channel Master is primarily a manufacturer/distributor of TV antennas, TV rotators and home satellite TV signal receiving and descrambling systems. Its products are used by home TV viewers and the SMATV (Satellite Master Antenna TV) and cable television industries. Channel Master produces antennas that can be utilized in a variety of DBS (Direct Broadcast Satellite) projects worldwide. Channel Master also operates a small cable TV system in and around Johnston County, North Carolina. Channel Master has two principal manufacturing facilities, one each in the United States and England.

ELECTRICAL AND INDUSTRIAL GROUP

The Electrical and Industrial Group, which accounted for approximately 8% of the Company's sales in fiscal 1993, operates primarily in the electrical and electronic industrial equipment distribution industry and in the industrial maintenance and repair fields.

Brownell Electro, the largest company in the Group, distributes electric motors, electrical insulation and magnet wire, measuring instruments and control equipment. It also supplies parts, such as bearings, switches and electrical tapes, for the rebuilding and replacement of motors used in industrial air conditioning, refrigeration, heating and ventilation appliances. Brownell's customers include maintenance and repair organizations, OEMs, and small regional distributors and resellers.

The Mechanics Choice division supplies the industrial, commercial, institutional, agricultural, governmental, mining and utility markets with a broad line of industrial maintenance and factory supplies. The Group also includes Freeman Products, a trophy manufacturing business.

DESCRIPTION OF THE NOTES

The following description of the particular terms of the notes offered hereby (referred to herein as the "Notes" and in the attached Prospectus as the "Offered Debt Securities") supplements, and to the extent inconsistent therewith, replaces, the description of the general terms and provisions of the Debt Securities set forth in the attached Prospectus dated March 3, 1994 (the "Prospectus"), to which description reference is hereby made. The following summary description of the Notes is qualified in its entirety by reference to the Indenture referred to in the Prospectus.

GENERAL

The Notes will be limited to \$100,000,000 in aggregate principal amount. The Notes will be issued only in book-entry form, in denominations of \$1,000 and integral multiples of \$1,000, will bear interest from March , 1994, at the annual rate set forth on the cover page of this Prospectus Supplement, and will mature on March 15, 2004. Interest will be payable semiannually on March 15 and September 15, commencing September 15, 1994, to the Persons in whose names the Notes are registered at the close of business on the applicable Regular Record Date, which is the March 1 or September 1 next preceding such interest payment date. The Notes will not be redeemable by the Company prior to their stated maturity date and will not be subject to any sinking fund.

The Notes will be unsecured and will rank pari passu with all other unsecured and unsubordinated indebtedness of the Company.

The Notes will be subject to defeasance and discharge as described under the caption "Description of Debt Securities -- Defeasance and Discharge" in the Prospectus.

DEPOSITORY

Upon issuance, all Notes will be represented by one or more fully registered global securities (the "Global Notes"). Each Global Note will be deposited with, or on behalf of, The Depository Trust Company (the "Depository") and registered in the name of the Depository or its nominee. Unless and until a Global Note is exchanged in whole or in part for Notes in definitive form, such Global Note may not be transferred except as a whole by the Depository to a nominee of the Depository, or by such a nominee to the Depository or another nominee of the Depository, or by the Depository or any such nominee to a successor of such Depository or a nominee of such successor.

The Depository has advised the Company as follows: The Depository is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. The Depository holds securities of its participants

("Participants") and facilitates the settlement among Participants of securities transactions in deposited securities through electronic book-entry changes in accounts of the Participants, thereby eliminating the need for the physical movement of securities certificates. The Depository's Participants include securities brokers and dealers (including the Underwriters named herein), banks, trust companies, clearing corporations and certain other organizations. The Depository is owned by a number of its Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the Depository's book-entry system is also available to others, such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly ("Indirect Participants"). The Rules applicable to the Depository and its Participants are on file with the Securities and Exchange Commission.

Purchases of Notes under the Depository's system must be made by or through Participants, which will receive a credit for the Notes on the records of the Depository. The ownership interest of each actual purchaser of each Note (a "Beneficial Owner") is in turn to be recorded on the Participants' or Indirect Participants' records. Beneficial Owners will not receive written confirmation from the Depository of a purchase, but Beneficial Owners are expected to receive written confirmation providing details of the purchase, as well as periodic statements of their holdings, from the Participant or Indirect Participant through which the Beneficial Owner entered into the purchase. Ownership of beneficial interests in Global Notes will be shown on, and the transfer of such ownership interests will be effected only through, records maintained by the Depository (with respect to interests of Participants) and on the records of Participants (with respect to interests of persons held through Participants). The laws of some states may require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to own, transfer or pledge beneficial interests in Global Notes.

So long as the Depository or its nominee is the registered owner of a Global Note, the Depository or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Global Note for all purposes under the Indenture. Except as provided below, Beneficial Owners of a Global Note will not be entitled to have the Notes represented by such Global Note registered in their names, will not receive or be entitled to receive physical delivery of the Notes in definitive form and will not be considered the owners or holders thereof under the Indenture. Accordingly, each person owning a beneficial interest in a Global Note must rely on the procedures of the Depository and, if such person is not a Participant, on the procedures of the Participant through which such person owns its interest, to exercise any rights of a holder under the Indenture. The Company understands that under existing industry practices, in the event that the Company requests any action of Noteholders, or an owner of a beneficial interest in a Global Note desires to take any action which a Noteholder is entitled to take under the Indenture, the Depository would authorize the Participants holding the relevant beneficial interests to take such action, and such Participants would authorize Beneficial Owners owning through such Participants to take such action or would otherwise act upon the instruction of Beneficial Owners. Conveyance of notices and other communications by the Depository to Participants, by Participants to Indirect Participants, and by Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among themselves, subject to any statutory or regulatory requirements as may be in effect from time to time.

Payment of principal of, and interest on, Notes registered in the name of the Depository or its nominee will be made to the Depository or its nominee, as the case may be, as the holder of the Global Note or Notes representing such Notes. None of the Company, the Trustee or any other agent of the Company or of the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests, or for supervising or reviewing any records relating to such beneficial ownership interests. The Company expects that the Depository, upon receipt of any payment of principal or interest in respect of a Global Note, will credit the accounts of beneficial interest in such Global Note as shown on the records of the Depository. The Company also expects that payments by Participants to Beneficial Owners will be governed by standing customer instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participants.

If (x) the Depository is at any time unwilling or unable to continue as Depository and a successor depository is not appointed by the Company within 60 days, or (y) the Company executes and delivers to the Trustee an order to the effect that the Global Notes shall be exchangeable, or (z) an Event of Default has occurred and is continuing with respect to the Notes, the Global Note or Notes will be exchangeable for Notes in definitive form of like tenor and of an equal aggregate principal amount, in denominations of \$1,000 and integral multiples thereof. Such definitive Notes shall be registered in such name or names as the Depository shall instruct the Trustee. It is expected that such instructions may be based upon directions received by the Depository from Participants with respect to ownership of beneficial interest in Global Notes.

DESCRIPTION OF DEBT SECURITIES

The following description of the terms of the Debt Securities sets forth certain general terms and provisions of the Debt Securities to which any Prospectus Supplement may relate. The particular terms of the Debt Securities offered by any Prospectus Supplement (the "Offered Debt Securities") and the extent, if any, to which such general provisions may apply to the Offered Debt Securities will be described in the Prospectus Supplement relating to such Offered Debt Securities.

The Debt Securities are to be issued under an Indenture (the "Indenture") dated as of February 1, 1994, between the Company and The First National Bank of Chicago, as Trustee (the "Trustee"), the form of which is filed as an exhibit to the Registration Statement. The following summary of certain general provisions of the Indenture and the Debt Securities does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the provisions of the Indenture, including the definitions therein of certain terms. Whenever particular provisions in the Indenture are referred to herein, such provisions are incorporated by reference herein. Unless otherwise defined herein, all capitalized terms in this section have the same meanings given to such terms in the Indenture.

The aggregate principal amount of Debt Securities which can be issued under the Indenture is unlimited. The Debt Securities to which this Prospectus relates will be issued from time to time in one or more series in amounts the proceeds of which will aggregate up to \$200,000,000 and will be offered to the public on terms determined by market conditions at the time of sale. Debt Securities of a series may be issued in registered form ("Registered Securities") or bearer form ("Bearer Securities") or both as specified in the terms of the series. Debt Securities in bearer form will be offered only to non-United States persons and to offices located outside the United States of certain United States financial institutions. Debt Securities of a series may be issued in whole or in part in the form of one or more global securities ("Global Securities") registered in the name of a depository or its nominee and, in such case, beneficial interests in the Global Securities will be shown on, and transfers thereof will be effected only through, records maintained by the designated depository and its participants.

No service charge will be made for any transfer or exchange of the Debt Securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

One or more series of the Debt Securities may be issued as discounted Debt Securities (bearing no interest or interest at a rate which at the time of issuance is below market rates) to be sold at a substantial discount below their stated principal amount. Federal income tax consequences and other special considerations applicable to any such discounted Debt Securities will be described in the Prospectus Supplement relating thereto.

The Company will comply with Section 14(e) of the Exchange Act, and any tender offer rules of the Commission under the Exchange Act which may then be applicable, in connection with any obligation of the Company to purchase Offered Debt Securities at the option of the holders thereof. Any such obligation applicable to a series of Debt Securities will be described in the Prospectus Supplement relating thereto.

The Company may at any time purchase Debt Securities at any price in the open market or otherwise. Debt Securities so purchased by the Company may, at its sole option, be held, resold or surrendered to the Trustee for cancellation.

"Attributable Debt" means, as to any particular lease, the greater of (i) the fair market value of the property subject to the lease (as determined by the Company's Board of Directors), or (ii) the total net amount of rent required to be paid during the remaining term of the lease, discounted by the weighted average effective interest cost per annum of the outstanding Debt Securities of all series, compounded semiannually.

"Person" means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof.

"Principal Property" means any manufacturing or processing plant or warehouse owned at the date hereof or hereafter acquired by the Company or any Restricted Subsidiary of the Company which is located within the United States and the gross book value of which (including related land and improvements thereon and all machinery and equipment included therein without deduction of any depreciation reserves) on the date as of which the determination is being made exceeds 2% of Consolidated Net Assets, other than (i) any such manufacturing or processing plant or warehouse or any portion thereof (together with the land on which it is erected and fixtures comprising a part thereof) which is financed by industrial development bonds which are tax exempt pursuant to Section 103 of the Internal Revenue Code (or which receive similar tax treatment under any subsequent amendments thereto or any successor laws thereof or under any other similar statute of the United States), (ii) any property which in the opinion of the Company's Board of Directors is not of material importance to the total business conducted by the Company as an entirety, or (iii) any portion of a particular property which is similarly found not to be of material importance to the use or operation of such property.

HIGHLY LEVERAGED TRANSACTIONS

Unless otherwise described in a Prospectus Supplement relating to any Offered Debt Securities, there are no covenants or provisions contained in the Indenture which may afford the holders of Offered Debt Securities direct protection in the event of a highly leveraged transaction involving the Company.

RESTRICTIONS ON SECURED DEBT

The Company covenants in the Indenture, for the benefit of each series of Debt Securities other than any series which specifically provides otherwise, that if the Company or any Restricted Subsidiary shall after the date of the Indenture incur or guarantee any evidence of indebtedness for money borrowed ("Debt") secured by a mortgage, pledge or lien ("Mortgage") on any Principal Property of the Company or any Restricted Subsidiary, or on any share of stock or Debt of any Restricted Subsidiary, the Company will secure or cause such Restricted Subsidiary to secure the Debt Securities, other than any series of Debt Securities established by or pursuant to a Board Resolution or in one or more supplemental indentures which specifically provide otherwise, equally and ratably with (or, at the Company's option, prior to) such secured Debt, unless the aggregate amount of all such secured Debt (plus all Attributable Debt which is not excluded as described below under the caption "-- Restrictions on Sale and Leaseback Financings") would not exceed 10% of Consolidated Net Assets.

This restriction will not apply to, and there will be excluded from secured Debt in any computation of the above restriction, Debt secured by (a) Mortgages on property of, or on any shares of stock of or Debt of, any corporation existing at the time such corporation becomes a Restricted Subsidiary, (b) Mortgages in favor of the Company or a Restricted Subsidiary, (c) Mortgages in favor of governmental bodies to secure progress, advance or other payments, (d) Mortgages on property, shares of stock or Debt existing at the time of acquisition thereof (including acquisition through merger or consolidation) and purchase money and construction or improvement Mortgages which are entered into within 180 days after the acquisition of such property, shares or Debt or, in the case of real property, within 180 days after the later of (1) the completion of construction on, substantial repair to, alteration or development of, or substantial improvement to, such property, or (2) the commencement of commercial operations on such property, (e) mechanics' and similar liens arising in the ordinary course of business in respect of obligations not due or being contested in good faith, (f) Mortgages arising from deposits with, or the giving of any form of security to, any governmental agency required as a condition to the transaction of business or to the exercise of any privilege, franchise or license, (g) Mortgages for taxes, assessments or government charges or levies which are not then due or, if delinquent, are being contested in good faith, (h) Mortgages (including judgment liens) arising from legal proceedings being contested in good faith, (i) Mortgages existing at the date of the Indenture and (j) any extension, renewal or refunding of any Mortgage referred to in the foregoing clauses (a) through (i) inclusive.

RESTRICTIONS ON SALE AND LEASEBACK FINANCINGS

The Company covenants in the Indenture, for the benefit of each series of Debt Securities other than any series which specifically provides otherwise, that the Company will not itself, and will not permit any Restricted Subsidiary to, enter into any sale and leaseback transaction involving any Principal Property, unless after giving effect thereto the aggregate amount of all Attributable Debt with respect to all such transactions, plus all secured Debt which is not excluded as described above under the caption "-- Restrictions on Secured Debt," would not exceed 10% of Consolidated Net Assets.

This restriction will not apply to, and there will be excluded from Attributable Debt in any computation of the above restriction, any sale and leaseback transaction if (a) the lease is for a period, including renewal rights, of not in excess of three years, (b) the sale or transfer of the Principal Property is made within 180 days after its acquisition or within 180 days after the later of (1) the completion of construction on, substantial repair to, alteration or development of, or substantial improvement to, such property, or (2) the commencement of commercial operations thereon, (c) the transaction is between the Company and a Restricted Subsidiary, or between Restricted Subsidiaries, (d) the Company or a Restricted Subsidiary would be entitled to incur a Mortgage on such Principal Property securing Debt in an amount equal to the Attributable Debt with respect to such transaction without equally or ratably securing the Securities, or (e) the Company or a Restricted Subsidiary, within 180 days after the sale or transfer is completed, applies to the retirement of Funded Debt of the Company or a Restricted Subsidiary ranking on a parity with or senior to the Debt Securities, or to the purchase of other property which will constitute a Principal Property having a fair market value at least equal to the fair market value of the Principal Property leased, an amount equal to the greater of the net proceeds of the sale of the Principal Property or the fair market value (as determined by the

Company's Board of Directors) of the Principal Property leased at the time of entering into such arrangement (as determined by the Board of Directors).

RESTRICTIONS ON MERGERS AND CONSOLIDATIONS

The Company covenants in the Indenture that it will not merge or sell, convey, transfer or lease all or substantially all of its assets unless (i) the successor Person is the Company or another Person organized under the laws of the United States (including any state thereof and the District of Columbia) which assumes the Company's obligations in the Debt Securities and under the Indenture, and (ii) after giving effect to such transaction, the Company or the successor Person would not be in default under the Indenture.

EVENTS OF DEFAULT

The Indenture defines "Events of Default" with respect to the Debt Securities of any series as being one of the following events: (i) default in the payment of any installment of interest on that series for 30 days after becoming due; (ii) default in the payment of principal of that series when due; (iii) default in the deposit of any sinking fund payment on that series when due; (iv) default in the performance of any other covenant in the Debt Securities of that series or the Indenture (other than a covenant included in the Indenture solely for the benefit of any series of Debt Securities other than that series) for 90 days after notice; (v) certain events of bankruptcy, insolvency or reorganization; and (vi) any other Event of Default provided with respect to Debt Securities of that series. If an Event of Default shall occur and be continuing with respect to the Debt Securities of any series, either the Trustee or the holders of at least 25% in principal amount of the Debt Securities then outstanding of that series may declare the principal amount of the Debt Securities of such series (or, in the case of Debt Securities sold at an original issue discount, the amount specified in the terms thereof) and the accrued interest thereon, if any, to be due and payable. Under certain conditions, such a declaration may be rescinded.

The Indenture provides that the Trustee shall, within 90 days after the occurrence of a default known to it, give the affected holders of Debt Securities notice of all uncured defaults known to it (the term "default" to mean the events specified above without grace periods); provided that, except in the case of default in the payment of principal of or interest on any Debt Security, the Trustee shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of the affected holders of Debt Securities.

The Company will be required to furnish to the Trustee annually a statement by certain officers of the Company certifying that there are no defaults or specifying any default.

The holders of a majority in principal amount of the outstanding Debt Securities of any series will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the Debt Securities of such series, and to waive certain defaults with respect thereto. The Indenture provides that in case an Event of Default shall occur and be continuing, the Trustee shall exercise such of its rights and powers under the Indenture, and use the same degree of care and skill in exercising the same, as a prudent Person would exercise or use under the circumstances in the conduct of such Person's own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any of the holders of Debt Securities unless they shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by the Trustee in compliance with such request.

MODIFICATION OF THE INDENTURE

With certain exceptions, the Indenture may be modified or amended with the consent of the holders of not less than a majority in principal amount of the outstanding Debt Securities of each series affected by the modification; provided that no such modification or amendment may be made, without the consent of the holder of each Debt Security affected, which would (i) reduce the principal amount of or the interest on any Debt Security, or change the stated maturity of the principal of, or any installment of interest on, any Debt Security or the other terms of payment thereof, or (ii) reduce the above-stated percentage of Debt Securities, the consent of the holders of which is required to modify or amend the Indenture, or the percentage of Debt Securities of any series, the consent of the holders of which is required to waive certain past defaults.

DEFEASANCE AND DISCHARGE

The Indenture provides that the Company may elect, with respect to the Debt Securities of any series, to terminate (and be deemed to have satisfied) any and all its obligations in respect of such Debt Securities (except for certain obligations to register the transfer or exchange of Debt Securities, to replace stolen, lost or mutilated Debt Securities, to maintain paying agencies and hold monies for payment in trust and, if so specified with respect to the Debt Securities of a certain series, to pay the principal of (and premium, if any) and interest, if any, on such specified Debt Securities) on the 91st day after the deposit with the Trustee, in trust, of money and/or U.S. Government Obligations (as defined) which, through the payment of interest thereon and principal thereof in accordance with their terms, will provide money in an amount sufficient to pay any installment of principal of (and premium, if any), and interest, if any, on, and any mandatory sinking fund payments in respect of, such Debt Securities on the stated maturity of such payments in accordance with the terms of the Indenture and such Debt Securities. Such a trust may be established only if, among other things, the Company has delivered to the Trustee an Opinion of Counsel (who may be counsel to the Company) to the effect that, based upon applicable Federal income tax law or a ruling published by the United States Internal Revenue Service, such a defeasance and discharge will not be deemed, or result in, a taxable event with respect to holders of such Debt Securities. If so specified with respect to the Debt Securities of a series, such a trust may be established only if establishment of the trust would not cause the Debt Securities of any such series listed on any nationally recognized securities exchange to be delisted as a result thereof.

CONCERNING THE TRUSTEE

The First National Bank of Chicago is the Trustee under the Indenture and has been appointed by the Company as initial Security Registrar with regard to the Debt Securities. The Company currently does, and from time to time in the future may, maintain lines of credit and have customary banking relationships with the Trustee. The Trustee may serve as trustee for other debt securities issued by the Company from time to time.

Any Prospectus Supplement relating to Offered Debt Securities will set forth their offering terms, including the name or names of any underwriters, the purchase price of the Offered Debt Securities and the proceeds to the Company from such sale, any underwriting discounts, commissions and other items constituting underwriters' compensation, any initial public offering price, any discounts or concessions allowed or reallocated or paid to dealers, and any securities exchanges on which the Offered Debt Securities may be listed.

The Offered Debt Securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more of such firms. Unless otherwise set forth in the Prospectus Supplement, the obligations of the underwriters to purchase the Offered Debt Securities will be subject to certain conditions precedent and the underwriters will be obligated to purchase all the Offered Debt Securities if any are purchased. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time. Under agreements which may be entered into by the Company, underwriters, dealers and agents who participate in the distribution of Offered Debt Securities may be entitled to indemnification or contribution by the Company against certain liabilities, including liabilities under the Securities Act.

The specific terms and manner of sale of Offered Debt Securities are set forth or summarized in the Prospectus Supplement relating thereto.

If so indicated in a Prospectus Supplement, the Company will authorize underwriters or other persons acting as the Company's agents to solicit offers by certain institutions to purchase Offered Debt Securities from the Company pursuant to contracts providing for payment and delivery on a future date. Institutions with which such contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases will be subject to acceptance by the Company. The obligations of any purchaser under any such contracts will be subject to the conditions that the purchase of Offered Debt Securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and such other persons will not have any responsibility in respect of the validity or performance of such contracts.
